threw it

received a letter

I

The  
contents  
of the  
letter

It said stuff like how she was always  
playing the part of the good student,  
and that for a moment she was drawn  
to his free-spiritedness,  
and that something must've gotten into  
her from having lived everyday being  
down in the dumps,  
and stuff like how it's fun hanging out  
with me,  
and whether things between us could be  
patched up,  
and stuff like how surprised she was  
when she ran into him again as  
Masaki's brother,  
and how she honestly wished everything  
would go well for all of us,  
and whether I'd be willing to see her  
again.

was con-
